## DETAILED ACTION

### *Notice of Non-Responsive Amendment*

1. The amendment received on July 6, 2004 is acknowledged and entered. The applicant has currently amended claims 1-5, 9, 11-13, 16-18, and 21, out of which claims 1, 9 and 17 are independent. Currently claims 1-5, 9-13, 16-18, 21, and 24 are pending for examination.

2. The reply filed on July 6, 2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

(i) Currently amended independent 1, 9 and 17 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Currently amended independent claims 1, 9, and 17 are directed to a method, system and a computer program embedded on a computer readable medium for automated financial coaching based on user profile and suggestions that are presented in a natural language format. The originally claimed invention of claims 1, 9, and 17 was drawn to a method, system and a computer program embedded on a computer

readable medium for providing financial modeling and automated financial coaching in a web-based environment which did not require user's profile and presenting the suggestions in a natural language format

Therefore, the inventions are distinct, each from the other because: Inventions presented now via currently amended claims has separate utility such as requiring user's profile and presenting the suggestions in a natural language format which was not required by the originally presented invention and as treated on merits in the earlier Office action mailed on March 5, 2004, see MPEP § 806.05(d).

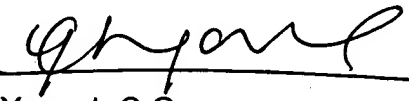

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, currently amended claims 1-5, 9-13, 16-18, 21 and 24 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

3. The amendment filed on July 6, 2004 is presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The presented claims 1-5, 9-13, 16-18, 21 and 24 are not readable on the elected invention because they are withdrawn from consideration as being directed to a non-elected invention, analyzed above.
